# SELECTEDWORKS™

Library-curated faculty profiles that maximize scholarly impact

Universities face increasing pressure to provide relevant research services to faculty. With SelectedWorks faculty profiles, the library collaborates with authors to create compelling online scholarly identities, share scholarship, and measure impact.

- **Engage faculty** with robust readership metrics and tools that showcase the full breadth of their work

- Support the university's **research mission** with consistent, organized, university-branded faculty profiles that increase campus-wide exposure

- Reduce strain on your IT department: fully **hosted and supported**

- Increase **discoverability** through top-rated SEO for academia

- Measure global readership and **track impact** with reports and geographical download maps
